# Hatching Eggs

We are excited to introduce our newest collection of toys! One of the standout items is the Hatching Eggs, which features the Giant Hatching Shark, Giant Hatching Unicorn, and Giant Hatching Dino. Will it be a Stegosaurus, Brontosaurus, Triceratops, or something else? Watch in anticipation as the mysterious creature gradually emerges from its shell. Don't forget about their smaller counterparts—the classic hatching mermaids, dinosaurs, and unicorns. This year, we are pleased to introduce the Hatching Elf and the Hatching Abominable Snowman. In the following pages, you will discover numerous surprises, hidden treasures, and classic favorites. The past few years have been challenging, but we remain committed to meeting the demands of today's marketplace as we move forward.
